Short Description

ADVMoto Contrast Stitch Baseball Hat with sliding clasp back adjuster.

Description

The ADVMoto Contrast Stitch Baseball Hat is a simple but attractive design with the ADVMoto logo on front, URL over the back loop with a sliding buckle style back adjuster. With unstructured front panels and low to mid-profile, this model will comfortably fit a lot of heads and pack into a tankbag fairly easily. Slightly lighter material than the sandwich hat, making it good for summer. One size fits all.
